Gre Inability to Compete With South as Reason for | Sees Higher Leather Transfer; Some Equipment Going to Canada

PANTUCKET, R. I., Dec. 29,-The des Spinning Company, one of the cord and fabric tires in the coun-, to-day announced that the United cales Cotton Mill, at Central Falls, of its plants, will be closed, the shibery dismantled and transferred sists at Gastonia, N. C., and Drumdelle, Quebeo. Inability to meet ders competition was given in the announcement as one of the for the change. The concern perated about 210,000 apindles in its so spinning and weaving plants in vicinity and about 107,000 spindles n a large plant at Gantonia, N. C. The are is capitalized at \$20,000,000.

That Southern cotton spinning and reaving plants have given the New ingland mills increasing competition nown fact in the cotton goods trade ere and the subject of much comment. Costations on Southern gray or unfinshed goods in the local market usually as under those made by Eastern mills. Datten consumption figures issued by its Department of Commerce every goth also show that the Southern mills have been using a larger proporties of all cotton consumed than was sensity the case. hereally a conemerly the case. Recently a com-sistent was sent to the Southern mill stricts by the State of Massachusetts pricts by the State of Massachusetts investigate the contention of Massachusetts cotton mill men that Souther preducing costs were lower than tosse staining in New England, chiefpears of longer working hours of lower wage scales.

Another point that recently was sugard he appropriate authority on

Commercial Credit

Ught but steady demand for new sumercial money continues to be registered in the markets. Commercial aper centinues to discount at 4½ to 5 or cent. Only paper bearing exceptionally high class names discounts at high part forms.

The American Acceptance Council resterday quoted the following dis-count rates on prime bankers' accept-more eligible for purchase by Federal Reserve banks:

Call loans against acceptances, 4%

Cotton Goods Active

Cotton Goods Active

Fall RIVER, Mas., Dec. 29.—Fair
demant for all style of gray or undefined cotton goods has prevailed
amoughout the week in the Fall River
mill center. Aggregate sales are estimated at 170,000 pieces (about 10,200,100 yards). Sateens, twills and certain
plain goods constructions featured the
susiness. Mill prices hold firm, and in
ome cases quotations have been adtanced an eighth of a cent a yard.
Many manufacturers are hesitant
shout selling their productions beyond

Less Demand for Wool

BOSTON, Dec. 29.—"The Commercial curtail Cotton Goods Imports ulletin" will say to-morrow: "The mand for wool has been slightly BERLIN, Dec. 29.—The German

## Prices in Prospect

Shoe manufacturers will have to pay gradually increasing prices for their leather next year, in the opinion of Bernard Brand, of J. Brand & Son, leather dealers, who bases his conclusion on small stocks in the hands of leather men and shoemakers together with the prospect vanced wages in the tanneries.

"The stocks of finished leather." he said, "are smaller than a year Shoe manufacturers are, and leather on a hand to mouth basis and consequently have but little reserve stock in hand. They are holding off buying now until after the style show in Chicago next month.

"It seems to us that gradual advances in leather prices must be made. Tannery wages have increased 20 per cent in the last year and there is a probability that raw are now at about pre-war levels, but have recovered from the low point reached during the slump."

ness, although current sales have been

Stop Fur Buying in U. S.

Large Operator Says Present Prices Are Too High

ican raw furs which they had planned charged against "good will, organizato have in stock by Christmas, the tion and development." An examina-Southern mills, having been erected Eitingon-Schild Company, reputed to of the cross accounts in the books recent years, are equipped with be the world's largest handlern of raw gin and have and dressed furs, said yesterday that gin and history of these items, Bentley and the second state of the cross accounts in the books would be necessary to explain this original transfer of the cross accounts in the books would be necessary to explain this original transfer of the cross accounts in the books are up-to-date machinery and have ses planned for more efficient producis than the Northern mills, most of
sich are old properties.

Commercial Credit

Commercial Credit

Commercial Credit from 15 to 20 per cent too high. Until domestic goods are more reasonably been sold, though the concern was priced they declared they would buy capitalized at \$20,000,000. The 200,000 domestic goods are more reasonably priced they declared they would buy foreign skins, for which they expect a strong demand in 1923. Motty Eltingon, head of the com-pany, vigorously denied reports that his concern had been encouraging the

bullishness of the market by purchasing, and showed figures which indicated that his firm had spent only \$337,000 out of an appropriation of \$2,000,000 on American gods, whereas it has good fur year, Mr. Eltingon declared that at present raw skin prices manu-facturers would have to sacrifice their profits, just as in the season just end-ing, in order to move American merchandise.

Failures Decline

With a holiday intervening the numwith a noliday intervening the num-ber of commercial failures for the cur-rent week were six less than last week, when 413 were reported to R. G. Dun & Co. In the similar five-day week last year there were 417 defaults. The

East showed an increase in failures this week, but this was offset by declines in other sections.

Only 54.7 per cent of the total number of failures had individual liabilities of \$5,000 or more, compared with 56.4 per cent last week and 56.4 per cent last was.

BERLIN, Dec. 29.—The German government at Tirana is negotiating demand for wool has been slightly less this week, manufacturers being government is taking drastic steps to more concerned with inventories than curtail the importation of all cotton with the Standard Oil Company, as well the purchases of new stock, although fabrics, and is making particularly formation received here to-day.
